

HUDSON VALLEY **PATTERN** *for* **PROGRESS**

Membership - “Investing in the Future”

Pattern membership offers you the connections, tools and resources needed to understand and influence critical issues affecting our region.

As a business and community leader, you rely on well-researched, relevant and timely information and analysis. Hudson Valley Pattern for Progress provides its members with expertise in the areas of urban development and infrastructure, housing and education, with a strong emphasis on regional challenges and innovative solutions. Pattern staff can also provide information to its members on additional areas.

Pattern is uniquely positioned to bring together leaders in both the public and private sectors to build consensus around important policy issues. We have an extensive network of relationships in the broad policy community in New York State and with business and government leaders in the Hudson Valley.

Pattern views our members not simply as financial supporters, but as valuable partners in the research, planning, and policymaking process. Pattern encourages its members to directly participate in policy deliberations at meetings and working groups that involve all elements of the policy community.

Supporters of Pattern benefit from our unique insights on the issues facing the Hudson Valley, and the opportunity to support this work with public and private sector leaders. Our members are important assets to this policymaking process.

Explore the full range of Pattern member benefits:
