

HUDSON VALLEY PATTERN *for* PROGRESS

THE PATTERN FELLOWS PROGRAM

2023 - 2024

A REGION IN TRANSITION

A deep dive into civic issues that are changing the Hudson Valley

We invite you to join the The Pattern Fellows, a regional leadership training program for mid-career professionals. The program develops regional leaders by helping participants look beyond their personal areas of expertise, exposing them to regional thinking about their roles in the growth, equity and sustainability of the Hudson Valley.

During its 17th year the program will focus on "A Region in Transition: A deep dive into civic issues that are changing the Hudson Valley." Pattern staff and expert guests will teach participants about a wide range of civic topics that are rapidly affecting our region's communities, workforce, and businesses. The topics include the following:

- Housing
- Transportation
- Broadband
- Climate Change
- Infrastructure
- Economic and workforce development
- Zoning and land use
- Demographic shifts and the future of the Hudson Valley

Pattern fellows will meet with expert guests to explore the challenges and opportunities connected to each topic. Fellows will also utilize a special text for lessons and discussions on leadership, organizational communication, and other essential skills.

We look forward to having you as a member of the 2023-2024 class of Pattern Fellows!

PROGRAM FORMAT

Through a combination of expert guests, readings, and discussions, Fellows will explore the topics that are driving change throughout the Hudson Valley and rapidly shaping our future challenges and opportunities.

The program will be hybrid for the 2023-2024 session. The majority of classes will meet in person at 33 Airport Center Drive, New Windsor, on the 2nd floor in the Larkin Room. The instructor - Pattern CEO Adam Bosch - will lead participants through a series of discussions and guest lectures to help emerging leaders build a deeper understanding of issues that are shaping the Hudson Valley.
